

Come, Let's Communicate!! Connect!! and Collaborate!!

GIVING BACK TO GNLU

Dear Friends,

Thank you for expressing interest in contributing back to GNLU. You can help in a number of ways.

GNLU promotes academic, training and research interaction for enhancing excellent learning and teaching, research and extension programmes for a holistic development of its students. Towards this initiative, GNLU has initiated several programs and activities contributing directly and indirectly to the holistic development of students which also includes support even after graduating from the University.

GLASS

GNLU has initiated GNLU Litigation Assistance and Support Scholarship (GLASS) helping the students to practice in bar, internship/placements as from time to time asked to the University, student exchange, among others. If you are interested to support this initiative and be a part of this initiative, you can do this by contacting us and contribute in various ways and facilitate this initiative. You may also contribute and assist us in the form of donations. For more details please contact Dr. Nidhi Buch on nbuch@gnl.ac.in.

Scholar-in-Residence Programme

As part of strong research culture at GNLU, we have introduced the "Scholar-in-Residence" programme. The major objective of the "Scholar-in-Residence" programme is to expand and share the knowledge and expertise. This will also give an opportunity to learn about the academic and research culture of the University and further get an opportunity to interact with the students, faculty and staff members of the University. The University invites application / LOI (Letter of Interest) from the legal fraternity such as the Judiciary, Attorneys, Academicians as well as corporate professionals. The University will be pleased to host retired judges of Supreme Court or any High Courts, Practicing or retired Advocates / Attorneys and even legal professionals from

the corporate world / law firms and Alumni of GNLU. For more details please contact Dr Joshua Aston on jaston@gnlu.ac.in .

Internships

The purpose of the internship program is to provide a planned transition from the University curriculum to a personal and professional setting in a student's area of interest. During the internship experience, the student will test the practical application of the theories of academic learning in the professional setting under the guidance and supervision of both a professional staff member and a university faculty advisor. As a part of the internship experience, the student will be evaluated on his/her work attributes and contributions in the assigned work or community setting. The student will have the opportunity to continually interact with the staff in the setting and periodically with the faculty in assessing his/her skills, accomplishments, and professional growth.

For more details please contact Ms. Nisha Trivedi on ntrivedi@gnlu.ac.in .

Visit Us

You are welcome to visit GNLU and witness the growth and development of the campus, interact with your teachers and refresh your memories here. In case you do plan to visit and wish to be provided accommodation on campus, please contact jpatel@gnlu.ac.in .
